

STC MORE
UNIQUE YOURS

S-Tech was established in May 2002. It was beginning from the research team of Gloria Aaterial Technology Corporation excuse the plan, the project of commercial Titanium, which was acquired by the Industrial Development bureau from 1997 to 1998. At the meantime, the main products of S-Tech's were Titanium and special with functional steel alloy. We are also the only one company which can make the vertical combination from Titanium material, precision finish and component machining in Taiwan.
